JUMAANA ASLAM
Software Engineer

Jumaana Aslam is a new software engineering graduate from Ontario Tech University. She dedicated herself fully to her education, and now she stands at the threshold of the professional world, ready to bring that same commitment and excellence to her career.

Her passions revolve around:

- Web Development
- Mobile Application Development
- Cloud Computing
- System Design
- Human Computer Interaction

As a fast learner with adaptability, she easily grasps new concepts. After all, engineering is the art of problem solving across all domains.
