Wouessi — KEY TO DIGITAL

Company

Wouessi Inc.
IT Services and IT Consulting

Experience

Web Developer:
Mar 2025 – Apr 2025

Contributions

- Developed and enhanced the Employee Management System, utilizing ClickUp, React, TypeScript, and MongoDB.
- Refined database structure, creating dedicated collections for users and timesheets.
- Migrated existing team data to MongoDB, creating a script to convert JSON/CSV files and validated it using Postman.
- Navigated agile workflows, actively collaborating with diverse teams and raising pull requests to optimize functionality.

Skills Gained

ClickUp · React · MongoDB · POSTMAN
